0068-072178	Electro Galvanized	Nominal length: 600mm. Minimum cabinet length 613mm

Notes:

Perfect vertical and lateral stability. The robust, resilient tracks ensure optimal runner action through precision-guided steel bearings. Soft closure with stop control. The spring operated mechanism acts independently. The closing force is matched to the drawer height and depends on drawer extension and load capacity. The integrated roll-out prevention inhibits accidental opening. Slide-on assembly. The drawer is placed on the runners and pushed home. Job done. Maximum Weight: 30kg. Made in EU

Left Hand Catch for Quadro V6 Runner

Code:	Finish:	Notes:
0068-075806	Black Plastic	The catch has a thumbwheel for tool less height adjustment and thus front panel alignment. The height setting is not changed when drawer is removed.

Right Hand Catch for Quadro V6 Runner

0068-075807	Black Plastic	The thumbwheel moves a wedge into position between the drawer bottom and runner to provide height adjustment. (+2mm)
